

## *Online offering this summer: Demystifying Telehealth*

**Interested in gaining the skills and knowledge to grow in the field of Telehealth?** Bryan College of Health Sciences, the college attached to Bryan Medical Center, will be offering online courses for telehealth professionals as part of our Healthcare Management Certificate starting this summer.

### **Course Description:**

This course provides a general overview of telehealth and the role it can play in providing access to care by connecting communities with necessary resources. This course will explore various services offered via telehealth and the technology used to provide those services. Regulatory considerations, consumer preferences, and perceptions around telehealth will also be discussed.

### **Course Format**

- Undergraduate or graduate credit earned
- Take as part of a certificate or a stand-alone course
- Fully online, 8 weeks
- May 9<sup>th</sup>-July 1<sup>st</sup>

Email Mandy King to register at [mandy.king@bryanhealth.org](mailto:mandy.king@bryanhealth.org)

Course codes: MGMT420 (Undergraduate level) MGMT720 (graduate level)
