How to Convert an Image File

You may use the following resources to convert your image files to a PDF file or you may search on the internet to find one that best fits your file type.

- ▸ Convert an image to PDF via Mac/Windows Computer
  - • Go to smallpdf.com/jpg-to-pdf
  - • Insert image file
  - • Download PDF to Desktop.
  - • Upload under My Documents on the Student Portal.

- ▸ Convert an image to PDF via iPhone or Android phone
  - • You can search in your app store "convert image to PDF" and choose the app which best fits your needs
  - • Follow steps in app
  - • Upload under My Documents on the Student Portal
