A summary of information from our college catalog. If you need more information the catalog can be found online or by requesting it from the Records and Registration department.

Transcripts

Official transcripts are available through the Records and Registration Office upon written request.

Tuition Payment Policy

Tuition and fees are billed three weeks after the first day of a new semester and are due at the end of the fifth week. A student who is delinquent in the payment of tuition and fees will be refused admission to additional courses. An official transcript will not be issued until a student has met all financial obligations to the College.

Dropping a course

A course may be dropped through the end of the first week of the semester. The student must complete a "Request to Drop/Add a Course" and submit it to the Records and Registration Office. A course dropped by the end of the first week of the semester is not recorded on the transcript. A student who wishes to drop a course after the first week must follow the "Withdrawal from a Course" policy.

Please note that you will still be responsible for related tuition and fees associated with your dropped course. If you have questions on what you owe, please either check your student portal or contact the bursar in student accounts.

Tuition Refund Schedule

Refunds will be processed within one month of the request. The following fees are not refundable: enrollment fee, course materials and laboratory fees, and books purchased through the bookstore.

Withdrawal policy

A student who wishes to drop a course after the first week of the semester must withdraw from the course. The student must complete a "Request to Drop/Add a Course" and submit it to the Records and Registration Office. If a student withdraws from a course before the end of the tenth week of the semester, a grade of "W" (withdrawal) is recorded on the transcript. A withdrawal is not computed in the grade point average.

Students who find it necessary to withdraw from a course after the tenth week of the semester must petition the Dean of the appropriate school for permission to withdraw. If approved to withdraw, the student will receive a WP (withdraw passing) or a WF (withdraw failing) on the transcript, dependent upon the student's grade in the course at the time of withdrawal. A WP or WF is not computed in the grade point average. If a student withdraws after the tenth week and does not petition for a WP or WF the course grade will be assigned based on work completed to date with zeros assigned for work not completed. This may result in a failing grade. The failing grade will be included in the grade point average.

Directory Information

The Family Educational Rights and Privacy Act (FERPA) specifies the rights a student has with regard to their educational records when they enter an institution of higher education.
