

Latest Communication from President Lloyd on Monday, March 16th, 2020:

Dear Students and Blue Healer Community,

As we focus everyone's health, safety, and learning, here is your campus update:

1. Reminder that face-to-face and hybrid theory courses are moving online beginning **March 30**.
2. Updated travel info from Bryan Health is included on this website.
3. Be sure to keep checking your email for information from campus and from Bryan Health.
4. As Bryan Health puts new visitor guidelines in place, please remember you will need your badge so you can enter the college via the proxed door (just south of the main door).
5. As of now, all offices and services at the college remain open. We encourage you to check ahead via email or phone if you are requesting to see someone at the college so that they know you are coming.
6. While it feels so much is out of our control, remember there is a lot you can do:
  1. Wash your hands often.
  2. Cover your cough/sneeze with your elbow or a tissue.
  3. Avoid touching your eyes, nose, or mouth.
  4. Avoid close contact with anyone exhibiting signs of illness.
  5. Clean and disinfect high-touch surfaces.
  6. Avoid unnecessary large gatherings (CDC just lowered the number for "large" to 10).
  7. Starting Wednesday, this update will come to you from this email address:  
bchsrt@bryanhealthcollege.edu

Forward. Together.

Rich Lloyd, President
