

## March 25 Update

Dear Students and Blue Healer Community,

As we focus everyone's health, safety, and learning, here is your campus update:

### What's New:

1. Please see the attached **Student FAQs** from Student Affairs.
2. **Summer/Fall Registration Notice:** Students, please complete the required forms sent to your email on 3/17/2020 with the subject line "Please Complete Prior to Registration." You **must** complete these forms in order to register for summer and fall classes.
3. Program Deans will continue to provide updated communication. Please be checking your email for those updates.

### Reminders:

1. Please make sure you've read the email sent to you from your program Dean last week regarding conversion of most clinicals and labs to virtual format. There are a few exceptions, so make sure you have read the message related to your program of study.
2. If you have questions about any of the communication, please reply to this address: [bchsrt@bryanhealthcollege.edu](mailto:bchsrt@bryanhealthcollege.edu)

### Healing Acts:

I've been using two phrases these past weeks that I heard from colleagues. That in such times, and I would say for all times, we need to offer each other a *space of grace* and also the *grace of space*. Appropriate distancing doesn't mean that we are alone or on our own; in fact, we are all "together in this"; we can still reach out, even if virtually, to check-in, say hello, reconnect, offer help, make a difference—all reminders of why we live-in and desire community.

We are here. Let us know how we can be of assistance to you.

Forward. Together.

Rich Lloyd, President
