

Feeling sick, stressed or depressed? Check out these new services!

You are important to us, and you are not alone. When you're sick or dealing with stress, depression or anxiety, we are here for you.

Two new services, available free to all Bryan College of Health Sciences students.

MENTAL HEALTH SERVICES

In-person and virtual care/treatment with Bryan Heartland Psychiatry

- Same day/next day office visit available
- Medication management
- Counseling services

Meet Jill Brandl, PMHNP-BC

"My approach focuses on wholeness and proven techniques to encompass mind, body and spirit. Equally important, I treat each person with kindness, grace and acceptance."

As a psychiatric mental health nurse practitioner with over 15 years of experience, my focus is to help each person improve their quality of life."

Schedule your appointment
