

**Dual Admissions Agreement
Between
Central Community College
And
Bryan College of Health Sciences**

Bryan College of Health Sciences (BCHS) and Central Community College (CCC) are entering into a dual admissions agreement for students in science and the health professions to provide a seamless transition from the associate of applied science degree to the bachelor of science degree.

Students applying for and accepted under the dual admissions process will be admitted to both colleges upon acceptance into a science or health professions program at Central Community College. Students at CCC desiring dual admissions must apply for dual admissions status by the completion of their first year of enrollment at CCC. After this time period, CCC students would utilize the regular admission process at BCHS.

- Upon graduation from CCC with the Associate of Applied Science Degree in Nursing and an unrestricted Registered Nurse license in Nebraska, the graduate is guaranteed matriculation into the online RN-BSN program at BCHS. The graduate has one year following graduation from CCC to enroll in the Bryan College of Health Sciences RN-BSN program. After one year, the graduate will need to go through the regular admission process for the RN-BSN program.
- Upon graduation from CCC with the Associate of Applied Science Degree in Medical Laboratory Technician, Dental Assisting, Dental Hygiene, Health Information Technology, Pharmacy Technician, Occupational Therapy Assistant, or Medical Assisting, the graduate is guaranteed matriculation into the online degree completion program for the Bachelor of Science in Health Professions. The graduate has one year following graduation from CCC to enroll in the Bryan College of Health Sciences Bachelor of Science in Health Professions program. After one year, the graduate will need to go through the regular admission process for the Health Professions program.
- Upon graduation from CCC with the Associate of Applied Science Degree in Biological Science or Chemistry, with a GPA of 3.25 or higher the graduate is guaranteed matriculation into the Biomedical Sciences program at BCHS. The graduate has one year following graduation from CCC to enroll in the Bryan College of Health Sciences. After one year, the graduate will need to go through the regular admission process for the Biomedical Sciences program.

Students accepted into the dual admissions agreement will have the opportunity to obtain advisement regarding the bachelor's degree requirements while completing the associate degree requirements, participate in activities at each campus, and have accessibility to library and other services at each college.

Obligations of Central Community College

- CCC will publicize this dual admissions agreement to prospective health sciences students in promotional materials and the college website.
- CCC applicants and students will be informed of the dual admission process and provided with approved forms for applying for dual admission.
- CCC will notify BCHS of all students admitted into health professions programs at CCC that have completed the form requesting dual admission.
- CCC will share health professions curricula with BCHS to facilitate transfer of credits.
- CCC will provide dual admissions students with a permission form to allow CCC to provide BCHS with access to CCC student transcripts.

Obligations of Bryan College of Health Sciences

- BCHS will publicize this dual admissions agreement to prospective health sciences completion students in promotional materials and the college website.
- Invite CCC health sciences students to informational meetings with BCHS faculty and staff at both CCC and BCHS. These meetings will be planned on a routine basis to facilitate the dual admissions agreement.
- BCHS will notify students and CCC of acceptance into BCHS dual admissions agreement.
- BCHS will provide students with information regarding financial aid for matriculation into BCHS.

Dual Obligations

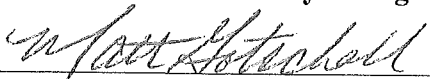

- Provide CCC or BCHS with information pertaining to curriculum changes that would impact the dual admissions process.
- Review of this agreement for clarification or changes to occur annually.
- Collaborate in providing students with information and academic advising about the dual admissions agreement, academic requirements and matriculation process.
- CCC and BCHS agree to develop and implement advertising and promotional efforts to communicate the benefits of dual admissions.
- Each college will designate a representative or representatives who will coordinate the dual admissions process between the two colleges.
- Exchange data and documents to facilitate dual admissions.
- Facilitate and support consultation and collaboration between CCC and BCHS related to this agreement.
- Provide direct links between CCC and BCHS websites.

This Agreement is in effect beginning August 2019 with students enrolled or entering CCC academic year 2019-2020, and remains in effect unless terminated at any time by either mutual agreement or by three months advance written notice by either party to the other party. Revisions of this Agreement may only be in writing and by mutual consent of both parties.

This agreement does not contemplate the payment of any fee or remuneration by either party to the other, but is intended to jointly benefit both parties by improving education accessibility and

a seamless transition from the associate degree to the baccalaureate degree.
