Hello Healers,

Our continued success requires all of us to mask-up, wash hands, appropriately distance, and care for each other and ourselves.

New:

1. **Reporting a PENDING COVID-19 TEST.** I am sure all of us can recite the temperature screening questions by now, and I would like to call your attention to, "Have you had a positive COVID test **or have a pending COVID test?**" At BCHS, we collect information on ALL POSITIVE AND PENDING COVID testing, including routine testing through your place of employment. If you have a pending COVID test, and it has not been issued through the College, please contact student health.

2. **Covid Response Team report:**
   Running totals, covering Monday-Sunday.

Reminders:

1. **Spring registration** begins on October 26th. Much like this fall, the uncertainty with COVID-19 remains. Our Spring schedule will look similar to fall in that we will continue to hold face to face classes for courses in a major including science and math (excluding statistics) general education courses. All other courses will be offered in the online or remote format. Please check the Registration Guide for more detailed information. The Registration Guide will be available on October 12. If anything changes with our spring plan for course delivery, we will update you on December 15th and January 6th.

2. **Hours:** College entrance screening hours are now 7:30-5.

3. **Flu Shots:** It’s time for flu shots. Be sure to check the flu shot schedule and get yours as soon as possible. Remember, deadline is October 31st.

4. **Self-Monitoring:** Checking temperature twice daily via thermometer or self-assessment and vigilant assessment for symptoms.

5. **Self-Isolating:** Restricting self to one room in living quarters to distance self from others living within the same household.

6. **Quarantine:** Staying home and separating self from others to minimize risk of exposure and prevent the spread of the COVID-19 disease.

7. These pages, updated as/when needed, provide general guidance. [https://Bit.ly/BCHSCOVIDGuide](https://Bit.ly/BCHSCOVIDGuide)

Be Safe. Be Well. Be Healers and Helpers.
